EDUCATION

2022 - Present	BTech in CS at **LNCTS, Bhopal**
2022	Class 12th MP Board
2020	Class 10th MP Board

PROJECTS

ExpertLancer 🌐 ⬤

– Project: Developed a freelancing platform for project-based job opportunities.
– Key Features: Job marketplace, freelancer profiles, and freelancers community support.
– Tech Stack: Node.js, Express.js, MongoDB, EJS, Tailwind CSS.

Khatabook ⬤

– Backend: Built server-side logic with Express.js, managed MongoDB via Mongoose, and handled file uploads using Multer.
– Features: Enabled secure user authentication, profile management, and hisaab (record) management.
– Tech Stack: Node.js, Express.js, MongoDB, EJS, Tailwind CSS.

FamilyIndustrieslive Clone 🌐 ⬤

– Project: Cloned "FamilyIndustrieslive" from Awwwards using HTML, CSS, JavaScript, GSAP, and Locomotive ScrollTrigger.
– Key Highlights: Replicated user experience with optimized performance and accessibility.
– Impact: Showcased ability to create visually stunning, responsive web experiences with industry-leading design practices.

The Bombay Canteen 🌐 ⬤

– Project: Redesigned "The Bombay Canteen" website for the "REIMAGINE" competition with UX CRAFTERS.
– Tech Stack: HTML, CSS, JavaScript, Materialize CSS, Lenis, jQuery, GSAP animations.
– Skills Gained: Enhanced frontend development, problem-solving, and teamwork.
